HappyHealth

Home Medical Care in Karachi | DHA - Clifton - PECHS - Gulshan | Founder: Theo Theffy

For SEIC 2026 Cohort 2 Submission
Oct 2026 | Version 1.1

Payment Policy | Simple, advance-based care for families

Private-pay service

At HappyHealth, we keep payments simple so families can focus on care, not chasing cash. We work on an advance model that is common across Pakistan and abroad - families pay a small advance before care starts, which lets us pay our nurses within 24 hours and keep shifts on time. All our nurses are verified through PNMC (Pakistan Nursing & Midwifery Council) and our doctors through PMDC, with hospital references, police verification and CNIC checks.

Our rates (all in Rs. - no hidden charges)

These rates are based on what families already pay in Karachi and Islamabad today.

Service	What you pay	Advance before start	What it includes
12-hour nursing shift (day or night)	Rs. 4,500 / shift	Rs. 67,500 for 15 days	PNMC-verified nurse, vitals log, family WhatsApp update
24-hour live-in nursing	Rs. 8,500 / day	Rs. 127,500 for 15 days	Rotation or dedicated nurse for bedridden care
Monthly care - 12 hour	Rs. 135,000 / month	15 days advance needed	Care coordinator + weekly doctor check by PMDC doctor
Monthly care - 24 hour	Rs. 240,000 / month	15 days advance needed	For post-surgery / elderly needing round-the-clock
Doctor visit at home	Rs. 3,000 / visit	Pay as you go	PMDC-verified doctor, senior supervises first visit
Physiotherapy at home	Rs. 2,000 / session	Pay as you go	Certified therapist

How families can pay us

We try to make it easy for both local and overseas families:

- Bank transfer to our company account (UBL/HBL/Meezan) This is preferred for monthly plans and for families in UAE, UK and US - SBP home remittance is free for sender
- JazzCash and Easypaisa merchant - instant confirmation (since July 1, 2025 biometric needed at agent shops)
- Raast QR - scan at your home when nurse arrives
- Please do not hand cash to the nurse - we give you an official receipt on WhatsApp Business with invoice number

About advance and what happens if plans change

This is how most trusted services in Pakistan work:

- Monthly care needs 15 days advance before Day 1 If not paid, we move you to weekly billing by default
- Weekly bills are also paid in advance, every 7 days
- If payment is late, Rs. 500 per day is added - this helps us keep nurses committed and not double-book
- If you need to reschedule, please tell us 24 hours before Otherwise we have to charge for that shift
- Overseas families usually pay monthly by bank transfer

Medical equipment - if you need it at home

We can bring BP monitors, oxygen concentrators, hospital beds, suction machines, etc. We take a small refundable deposit separate from care charges.

Equipment	Daily rent	Refundable deposit	How deposit works
BP monitor (digital)	Rs. 500 / day	Rs. 5,000	Returned in 5 working days after pickup - damage if any is deducted with bill
Oxygen concentrator 5L	Rs. 1,500 / day	Rs. 15,000	We take photo + CNIC copy at delivery - this is standard globally (€250 in Europe)
Hospital bed (electric)	Rs. 15,000 / month	Rs. 20,000	High value item - we keep check-in/out log
Suction / ECG machine	Rs. 800 - 1,500 / day	Rs. 7,500 - 10,000	Average around Rs. 7,500 - covers loss if not returned

If you need to stop or take a break

We understand health plans can change suddenly. If your family member recovers and you want to stop, please give us 7 days notice and we will refund the unused advance within 2-3 working days. If the patient needs to be re-admitted to hospital or, sadly, passes away, we only ask for 3 days notice for the refund. For cancellation of a single shift, we keep 2-3 days charge to cover the nurse booking, and refund the rest. When we refund, the amount can either come back to you or be adjusted in your final bill - whichever you prefer. For equipment, deposit has no interest and is returned after we pick up all items and check condition.

For families living abroad (UAE, UK, US) - you are a big part of why we started HappyHealth

Many of our families in DHA and Clifton have sons or daughters in Dubai, London or Houston. In FY26 overseas Pakistanis sent $41.6bn home. You can pay by bank transfer or Wise/Remitly to our PKR account. We will share a proper invoice with PNMC and PMDC numbers, plus a Family Health Dashboard with daily updates and 48-hour reminders. Note: Sehat Card covers only inpatient hospital admission - it does not cover home nursing, so we are private-pay only. We are working on SHCC license under Section 14(1).

Thank you for trusting us with your family's care.

Theo Theffy | Founder, HappyHealth

Karachi | WhatsApp Business + Official Receipt for every payment

This policy follows common practice: 2-week advance in US home care, 15-day advance by Medi Serve Pakistan, and €250/5-day equipment deposit in Europe.
