Five-Minute Pitch: Home-Care Platform Connecting Patients and Families with Qualified Caregivers

Using Farhan’s Mother's Cancer-Care Needs as a Customer Example

September 30, 2026

CUSTOMER SEGMENTS

One Person's Story

Farhan's mother has faced cancer for two years, with care needs that grow stronger every day.

He wants her to be **comfortable, safe,** and **supported** at home by qualified nurses and caregivers.

Like Farhan, many families need reliable, skilled support they can trust at home.

PATIENTS & FAMILIES NEEDING HOME NURSING OR CAREGIVING ACROSS EVERY JOURNEY

ELDERLY | DISABLED | POST-SURGERY | CHRONIC ILLNESS

EXISTING ALTERNATIVES & CUSTOMER RELATIONSHIPS

What Families Do Today

THE CURRENT APPROACH

Farhan's mother's care is arranged through calls to agencies, personal referrals, hospital contacts, and online searches.

THE CHALLENGES THEY FACE

Slow and stressful process

Uncertainty about caregiver qualifications and availability

Poor communication and updates

Families need a **simpler**, **reliable** way to **find**, **schedule**, and **manage care**.

VALUE PROPOSITION & CHANNELS

What We Do

A single platform that connects families with qualified nurses and caregivers for trusted care at home.

HOW CUSTOMERS CONNECT

Website

Mobile app

Telephone

Referrals from hospitals, doctors, and community

HOW IT WORKS

1. Share location, care needs, and preferred schedule
2. Care coordinator creates a personalized care plan
3. Platform matches you with the best caregiver by qualifications, experience, availability, and preferences

WHAT CUSTOMERS GET

Confirm schedules

Communicate with your care team

Record visits and track progress

Receive updates

Arrange ongoing care

CONVENIENT. RELIABLE. PERSONALIZED. COMPASSIONATE CARE. PEACE OF MIND FOR FAMILIES.

Key Activities, Partners & Revenue Streams — Proof

ongoing care engagement

Key Resources, Cost Structure & Riskiest Assumption

WHAT NEXT AND WHAT WE NEED

KEY RESOURCES

Qualified caregivers and care coordinator

licenses, insurance, background checks

Scheduling and communication software

Patient record systems, marketing and referral networks

COST STRUCTURE

Staff wages, insurance, training

Technology and platform development

Advertising and referral outreach

Transport and administrative expenses

RISKIEST ASSUMPTION

Families will **trust** and **adopt** a new platform for care arrangements

We will test through stakeholder engagement before scaling

WHAT'S NEXT

01 Complete legal and healthcare requirements → **02** Recruit staff and develop platform → **03** Launch pilot with small patient group

Thank You

We look forward to connecting families with **compassionate, qualified** home-care support.

WE'RE HERE TO HELP

Let's build better care, together.
