WORKSHEET B

Goal Prioritiser

Startup: **HappyHealth**	Team: **THEO – Idea Stage – Expert Research (ignore handwritten)**

Score each candidate goal from Worksheet A from 1 (low) to 5 (high). Keep the top 2–3; park the rest. De-risk: how much does achieving this remove riskiest assumption? Proof needed: how much do investors need to see this?

#	Candidate goal – EXPERT RESEARCH	De-risk	Proof	Total	Keep / Not now
1	**30 problem interviews (20 DHA/Clifton +10 overseas) 80% would pay @ Rs4500**	5	4	9	KEEP
2	**15 verified nurses +3 GPs recruited with license + reference + background**	5	4	9	KEEP
3	**MVP live: WhatsApp + booking + Dashboard v1 + free 15-min onboarding + doctor 48h**	4	5	9	KEEP
4	**5 pilot families paid 15 days advance @ Rs4500 DHA/Clifton with vitals & EMR**	5	5	10	KEEP – TOP
5	**SHCC license filed + Chughtai free sampling MoU (HB Rs550) + pharmacy**	3	4	7	NOT NOW
6	**10 families renew 2nd month + NPS>50 + 0 incidents + equipment loss <2%**	4	4	8	NOT NOW

Our 2–3 six-month goals (one sentence each) – EXPERT

Goal	Statement — what will be true by month 6 (Outcome)
G1	**5 pilot families in DHA/Clifton have paid 15 days advance @ Rs4500/shift (Rs67.5k each) with daily vitals & EMR – money in bank.** – Proves #1 client pays on time. Market: Lajpal RN Rs95k-120k, oladoc Rs200-5000, 52.6% private 89% OOP.
G2	**30 problem interviews (20 local +10 overseas) – 80% would pay + 15 PMDC-verified nurses recruited with license + reference + background + senior doctor supervises first visit.** – Proves problem + supply.
G3	**MVP live: WhatsApp catalog + booking site + Family Health Dashboard v1 + free 15-min onboarding + doctor within 48h + 48h reminders + yearly planner (AKU model).** – Proves product for overseas families.

Not now — parked, not deleted

Parked goal	Why not now – Expert reasoning for idea stage
SHCC license + Chughtai MoU	Important but not riskiest – can start as referral coordinator with licensed partner (AKU). De-risk 3, Proof 4. Park until G1 done. – ORANGE
10 families renew 2nd month + NPS>50	Retention outcome of G1+G2 – can't renew without first paying pilots. Park as M4-M6. – YELLOW
Zero payment holding 24h dashboard	Operational optimization – JazzCash manual works for 5 pilots. Need scale before automation. – GREY
